12. Note the attached Information Disclosure Statement(s). (	PTO/SB/08) Paper No(s). <u>01/25/20</u>	007	

## **Advisory Action**

1. The after final amendment filed on 1/25/2007 has not been entered since it would require further search and/or consideration

- 2. The information disclosure statement (IDS) submitted on 1/25/2007 was filed after the mailing date of the final office action on 11/27/2006. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.
- 3. Applicant's arguments filed 1/25/2007 have been fully considered but they are not persuasive. The applicant argues that Naffziger fails to teach of combining a retrieved cache line having a first address comprising a first companion bit value with a companion cache line having a second address comprising a second companion bit value if the companion cache line is resident in the cache memory. The examiner disagrees.

Paragraphs 0058-0059 of Naffziger teach of the cache memory storing cache line groups which are associated a single address tag (part of the address) per group. A way indicator (companion bit) indicates where in the group is a specific cache line. These two parts make up an address. In paragraph 0060, Naffziger teaches of compressing the cache line group if it is compressible. In doing this, the individual cache lines (companion lines to each other) having the prior address makeup are compressed. They are stored in the cache memory, and since they are compressed by the compression engine, the cache lines must be retrieved from the cache to the engine to do such.

Application/Control Number: 10/676,478 Page 3

Art Unit: 2186

4. Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Michael Krofcheck whose telephone number is 571-272-

8193. The examiner can normally be reached on Monday - Friday.

5. If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, Matt Kim can be reached on 571-272-4182. The fax phone number for the

organization where this application or proceeding is assigned is 571-273-8300.

6. Information regarding the status of an application may be obtained from the

Patent Application Information Retrieval (PAIR) system. Status information for

published applications may be obtained from either Private PAIR or Public PAIR.

Status information for unpublished applications is available through Private PAIR only.

For more information about the PAIR system, see http://pair-direct.uspto.gov. Should

you have questions on access to the Private PAIR system, contact the Electronic

Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a

USPTO Customer Service Representative or access to the automated information

system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
